COMMITTEE,

FOR TO FIGHT

Monday Monday W
THE AME THE AMERPE
OF KING JOU KING JOU

CDAIN RUVC JWAR STODEC

Washington, April 14.—A member of the Cabinet, who heretofore has been very conservative in his opinions, said this morning:

"Whether the President tries to take advantage or not of the situation, there will be war."

"The reason was not, under any circumstances, to pick up the report of the Foreign Affairs Committee, which directly laid the blame for the Maine horror upon Spain."

"In face of this fact we have got to fight. The peace party may filibuster and whine as much as it pleases, yet it will yield in the end."

"It seems to me that the delay now is being caused by the peace party. They are hoping to win without war."

"EUCU By it."

ACTION OF HOUSE
IS DISTRICTED.

Washington, April 14.—No loophole for delay or evasion.

LEE SUGGESTED FOR MAJOR GENERAL

As Chief of Staff of the Army of Louisiana His Services Would Be Valuable.

General Thomas F. Lee, who has been suggested for promotion to major general, is a native of Virginia and has been in the service of the United States since 1862. He is a member of the Army of the Potomac and has been in the service of the United States since 1862.

"Fighting Lee is a soldier and a statesman, and for the longest period of his life he has been in the service of the United States. He is a member of the Army of the Potomac and has been in the service of the United States since 1862."

Coal of Black Sea Cape Verde Vessels at the Cape Verde Islands.

St. Thomas, Virgin Islands, April 14.—The Spanish vessels had been ordered to leave the port, and the United States vessels had been ordered to leave the port.

FLYING SO

Washington, April 14.—The flying so-called peace party is being exposed as a mere party of the peace party.

"The peace party is being exposed as a mere party of the peace party. They are hoping to win without war."
