### **New SNL Logo?**

HEADLINES ARE SAYING LORNE APPROVES :) It's been a long time coming, but Saturday Night Live is finally rebooting their visual footprint on the digital landscape and beyond. In preparation for their 5-GXXM year on the air, the TV show franchise is going full-on experimental with this beautiful bit of graphic design, rendered by the prestigious Chork Agency in NYC (meat packing dist.). Just in time! This is only their second re-design and first since they tossed their original logo in the

middle of Season #1  
(it was just an owl  
pooping out another  
owl)...

**Golf=DEATH** ( 🏌️ =

THE FUCK?  
Absolutely cursed  
scene at the gym  
today as someone  
(s??) left TWO (2)  
golf magazines out on  
the elliptical  
machines. Jesus  
Christ! Kids could  
have been using the  
equipment and they  
could have seen this  
and then what then  
what? Then what??  
Next thing you know  
golfers are gonna  
wanna use the  
WOMEN'S  
RESTROOM. Hahah,  
let's see about  
THAT...

DID YOU SEE

I'm sorry I know this  
is confusing but when

**The 13 Deadliest Gender Reveals: Ranked by Kill Count**

IT'S LISTICLE SEASON AND I AM HORNY AS HELL Spring hath sprung and pretty much the only thing on peoples' minds these days is what the heck is the deadliest gender reveal party ever. More than 1.3 million people die each year in gender reveal party

*How to Shape a Life*  
NOT HOW. BUT WHY? I recently engaged in some behavior I was not proud of. Hi, and welcome to the first true post of my Series "How to Shape a Life." It is also the last. A lot of times you might feel lost or stupid using emojis. There's a better way. In this series, I'll break it down for you: You. Can. Do.

Better. 🤔🙏 When my cousin tried to get me to join his rival terrorist gang, I scoffed. I scoffed so hard my snow chains flew off my SUV! Why do we do this? When we know there's a better way. Um, here's a start: friendship? How many friends do you have? Can you count them on a single hand? How about your toes? When you shape your life, it won't be about filling that shape with friends; it'll be about keeping it from overflowing. And you won't have to lift a finger...

**Bernie Sanders: "I  
would eat the Car  
Fox"**

MY EXCLUSIVE  
INTERVIEW  
CORALVILLE, IA –  
It was a Saturday  
night. I met the  
Senator at the  
Popeyes in Coralville,  
just a few minutes  
outside of Iowa City.  
We were there for the  
chicken sandwiches,  
of course.

I ate 8 sandwiches!

Bernie of course had  
just a single one. And  
he only ate 99% of it.  
"Pretty on brand," I  
told him. He winked.

The conversation  
quickly turned to  
sustainability. Bernie  
told me, "If I ran over

the Car Fax Car Fox I would not leave it for dead. I would scoop up that roadkill and make a meal out of it. I would eat the Car Fox. That's a promise." I looked into his eyes and could see he was telling the truth.

This, naturally, brought up a bigger issue: why were so many Car Fax Car Foxes getting hit by cars. Bernie made a 'no duh' face and said, almost sarcastically, "the housing crisis." He nibbled his sandwich like a little bird. "We're gonna fix that too."

**VH.COM:** You call yourself the Dean of

American Socialism.  
Why is that such a  
dirty word?

**SBS:** Dean Cain, no  
doubt. Polarizing  
figure. You can't use  
that word and not  
think of Superman on  
what was it... the  
UPN channel?

**VH.COM:** I believe it  
was ABC, actually.

**SBS:** Really? ABC.  
Are you sure.

*(we both google  
"dean cain  
superman")*

**VH.COM:** What I  
can't get over is how  
the collective can  
have one  
interpretation of a  
thing. Like, there's no

gray area anymore.

**SBS:** Well you're certainly correct there. There's no red or orange area either. No green, blue, indigo or violet neither!

**VH.COM:** ROY G BIV?

*(Bernie winks)*

**SBS:** A personal friend.

**VH.COM:** Haha. Let's backtrack a bit. The Car Fox—

**SBS:** Listen. I do not want to eat the Car Fox. Are they delicious creatures? Probably. But they talk and obviously

have a soul. It's not an ideal situation. But are we supposed to do as Americans? Watch their bodies rot on the side of the road? Not on my watch.

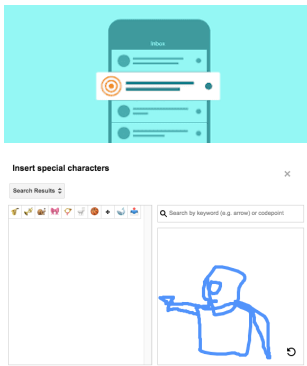

Sitting there with Bernie, sharing a meal, it was clear that this was the man for the job. Sure, we live in a hell world where anthropomorphic cartoon animal brand mascots have become real somehow, and those same mascots are currently getting hit by cars and dying at an unbelievable rate, but to simply shrug our shoulders at the problem.... Not Bernie.

NAMED AFTER?  
NAMED FOR? We could search for the answer for a damn 100 years... we might never know. The Christian Name "Eno" is something u dont see everyday but it would be difficult to go a minute in this household without hearing the lovely notes and vibes of One Mr. Brian Eno of the English Countryside

You would've had to have been born Yesterday to think this dude wasn't named after the great musician Eno, but

let's look closer. (It's  
what we do here!)

ENOTOBONG ? ya

That's right. What you thought was some mom and popper brand infiltrating the local TarZaï, is actually a cold calculated move by one of the Greats.
